The News.

We have foreign news to the 21st, by the Royal Mail Steamship *Africa*, and *four* days later, by the new Steamship *Pacific*. The details of the news will be found interesting. By the last arrival, we learn that the Liverpool Breadstuffs markets continued buoyant.

The London papers criticize President Buchanan's message to the Queen. The London *Times* believes that the Ocean telegraph will be a guarantee of perpetual peace between the two nations. The news of the peace with China lacks positive confirmation, though generally credited throughout Europe. The Empress of Austria has presented her subjects with a young prince.

By the steamship *Africa*, we learn that the announcement of the collision between the *Arabia* and *Europa*, was the first public message sent East through the Atlantic Cable. Its successful transmission was a subject of general satisfaction. Ten Broeck's American horse Babylon, won the Chesterfield cup, against a field of seven horses. This intelligence will be received with joy by American sportsmen. We have news from France, which is not especially interesting, however.

We have Utah advices to the 7th of August. The election on the 2d passed off quietly. A late appointment by Gov. CUMMING had given some dissatisfaction. Capt. TRACY was on trial at Cedar Valley, for insubordinate conduct.—Thirty soldiers had deserted from Gen. JOHNSTON's command. The Sixth Infantry had been ordered to Oregon.

The Telegraph brings us an account of a terrible Railroad accident on the Alleghany Valley road. A car loaded with passengers tumbled down a steep embankment, rolling over, killing several persons instantly and wounding a number of others.

Several persons were also severely injured by another Railroad accident at Albany.

The Quarantine Station, on Staten Island, was destroyed by a mob of one thousand men on Wednesday night. The patients were carried out from the Hospital and laid upon the ground, and the building then fired. The despatch gives no reason for this outrage.

The Grand Banquet at Buffalo in honor of the Atlantic Telegraph passed off in a most pleasing manner, while the demonstration at New York surpassed anything of the kind ever got up in that city before.

A fire at Fulton, Illinois, yesterday morning, burned two blocks including the Post-Office, and destroyed property to the amount of $60,000.

Last night we received a variety of interesting despatches from different parts of the country, which will be found in our telegraph columns.

In the New York Market yesterday, while flour was more active wheat was duller. With increased receipts, our Market remains firm, and spring wheat is a trifle higher. The weather continues extremely pleasant for the season.

THE RACINE DEMOCRATIC CONVENTION.—The "*Daily Booby*," *alias* the *Wisconsin*, of last evening, contains an elaborate, and doubtless an exaggerated account of the proceedings of the Democratic Congressional Convention at Racine. The "*Daily Booby*" represents that their principal business was to ballot and drink. The "*Daily Booby*" makes a "favorable allusion" to the nomination of BERIAH BROWN. It did as much, the day before, for JOHN F. POTTER. It is a matter of some little doubt, but of very little consequence, which way the "*Daily Booby*" finally inclines.

A POOR DODGE.—The *News* excuses our late Democratic State Treasurer's *Thirty-five Thousand Dollar* defalcation, by saying that "his bail is abundantly able to liquidate his indebtedness," and thereupon charges our "Republican State Officials" with neglecting "to force the collection." The particular "official" upon whom this duty devolves, is the Attorney General.—As every body knows, the Attorney General now, as for many years past, is a Democrat. We echo the language of the *News* and say:

> "*His* inertia in this respect is almost as reprehensible as the defalcation itself. If the State has been deprived of this money for three years, the fault rests upon the head of" the Democratic Attorney General

MILTON BARLOW, ESQ.—Among the better and more substantial Republicans of this city, the name of our respectable fellow-citizen, which heads this article, is mentioned in connection with a seat in the next Legislature. Mr. B. is one of those men who cannot be classed with demagogues—he would decline official honors rather than seek them—his life is an example of what a quiet, unassuming worthy man can do to advance not only his own interests honestly, but the interests of the city and country adjacent.—As a legislator, he would be fearless in the defence of what he would deem to be right, while his party would find him advocating all of its measures which any *honest* man could advocate. If we thought there was any chance for the success of a political opponent, we should be pleased to learn that Mr. BARLOW would accept a nomination.—*La Crosse National Democrat.*

We do not at all know whether MILTON BARLOW desires, or, would accept *any* nomination from his Republican friends. But we *do* know that the above testimony, from a political opponent to his personal worth and political integrity, is true to the letter. The Republican cause has no better soldier, and the State of Wisconsin no better citizen, than MILTON BARLOW, of La Crosse.

"A FAVORABLE ALLUSION."—The Republican *Journal*, published at Columbus, has the following "bird's eye view" of the Madison and Milwaukee Press:

> The Madison papers are just now engaged in an effort to destroy each other's veracity (all labor in vain, as most of them have done that for themselves long ago.) In Milwaukee the *News* is laboring hard to make folks believe that a lie is as good as the truth if you only stick to it.—The *Wisconsin* and *Free Democrat* are doing good service for all who oppose republicanism by crying out (in substance,) we are the Republican party *sans peur*, and giving the party a stab whenever they can, by hitting some prominent man or measure in it a dig under the fifth rib. The *Sentinel* is the only paper in the two cities which pay any attention to the welfare of the party, and tries to harmonize whatever discordant elements there may be, and yet have some room left for such of its readers as are not all for living in an eternal turmoil of politics.

DEATH.—Jeremiah Winslow, one of the principal ship owners of Havre, has just died in that city, aged 79. He was an American by birth, but established at Havre in 1814, and became a naturalized Frenchman. He occupied himself partly with the whale fishery.

A Card from Mr. J. S. Brown.

To the Editor of the Sentinel:

I delivered to CHARLES T. MELMS, Esq., a delegate from the 5th and 8th Wards, a letter, to be read in the Convention, which, for some cause, unknown to myself, does not appear to have been read. By publishing the following copy of the letter, you will much oblige,

Yours, JAMES S. BROWN.

CHARLES T. MELMS, ESQ.—*Dear Sir:*—I was overpersuaded by friends, to become a candidate for Congress. They carried for me a large majority of the District delegates from this County. In the rest of the Counties we have been defeated by the united force of imported and Republican votes, and of double voting. Some of the delegates elected by my friends have been induced, after being so elected, to oppose me. I am aware that this was brought about, in some degree, by influences out of this District, and by tactics bearing a strong affinity to La Crosse R. R. appliances, and election "by supplements." Under these circumstances I cannot continue a candidate. I would not accept a nomination from a Convention so composed.

Respectfully, Yours, &c.,
JAMES S. BROWN.

Milwaukee, Aug. 31st.

ACCIDENT ON THE CLEVELAND AND ERIE R. R.—TWELVE PERSONS INJURED.—A serious accident occured on the Cleveland and Erie Railroad, about one-third of a mile East of Kingsville, on Friday afternoon. The rain, which was falling at the time, had caused some slides of gravel and sand over the track in various places. The engineer dashed through two of these safely, and at 3½ o'clock, P. M. came to one at the spot where the accident occurred, and attempted to pass it in the same reckless manner, but was not so fortunate in getting through. The locomotive ran off the track, taking with it the tender, two baggage cars and one passenger car, which were totally wrecked. They piled up in a heap by the side of the track, an indistinguishable mass of ruins—or, as one of the passengers said, "smashed into kindling wood." Another passenger car was badly broken, but can likely be repaired.

The engineer was found under the ruins of the tender, and though at first supposed to be dead, was taken out alive, and is in a fair way to recover.

The 2d engineer was also badly scalded.

The engineer on being taken out said, "why, I went through two such slides; I don't see why the thunder I couldn't go through that."

Ten of the passengers were more or less injured—two of them so severely that our informant thought they could not live.

The injured passengers had every attention given them, but four of them were so bad that they had to be left at Cleveland for medical attendance.

The officials on the road did everything in their power to conceal the knowledge of the accident from the public, and when asked at Cleveland about the detention, denied that any accident had happened. For this reason the Cleveland papers learned but little about it.

The above statement is derived from a gentleman of this city who was a passenger on the train, and may be relied on as correct.—*Cincinnati Gazette.*

DEATH OF A DESPERADO.—The Dallas *Herald* contains an account of the pursuit and death of John Meadows, a noted horse-thief and desperado, whose adventures have given him a wide notoriety in north-eastern Texas. The letter written at Kaufman says that Messrs. Dunn, Woodward and Love, of Narravo county, had returned from the pursuit of Meadows. Two of these men had devoted about three months most diligently to the apprehension of the outlaw, exhibiting, in their pursuit, a determination of purpose seldom equalled.

These men, after satisfying themselves that Meadows was not in Texas, crossed Red River into the Indian nation, where they became convinced that he and some of his gang had passed and stolen a number of horses on their way.—They finally overtook the desperado, and killed him after a desperate conflict. Meadows ran some forty yards into a thicket, and fell in a ravine, where he lay, constantly firing with his six shooters at his pursuers, whenever they would attempt to approach him, as long as life lasted.

ANOTHER LYCHING DEMONSTRATION.—There was some excitement in town on Saturday, caused by the appearance of over one hundred stout-looking fellows, who surrounded the Court House with the avowed intention of executing the law under Judge Lynch, upon the three brothers confined in jail on the charge of beating Albert Kernich.

After a great display of cudgels, and some talk the hundred men who had so bravely marched up the hill marched down again, and "quiet reigned in Warsaw" until the going down of the sun.

We are at a loss to understand the feeling which prompts men to leave their work and march on foot 15 or 20 miles, to engage in an outbreak and a violation of law and order, and then march back without accomplishing anything. Perhaps, however, they do not like the determined appearance of men who are bound to sustain the law, and we think that it is well to heed it.—*Manitowoc Tribune, Aug. 30.*

A TRAITOR LYNCHED AND ROBBED OF HIS BOOTY.—The negro who betrayed the fugitives at Cincinnati a few days since—also a fugitive from Canada—has received a touch of summary justice at the hands of his colored brethren. On Sunday evening last, says the *Gazette*, he was decoyed to a lonely part of the road beyond the Brighton House, towards College Hill, when he was set upon by his professed friends, knocked down and severely beaten, and robbed of the $250 which he had received from the slave-catchers. He was left senseless upon the roadside, but on recovering his powers of locomotion he made his way back to the city, and complained to the authorities, who granted him warrants for the arrest of the individuals engaged in the outrage and robbery.

APPOINTMENT OF JUDGE.—The appointment of Hon. L. S. Dixon to the Bench in the Ninth Circuit, gives very general satisfaction. Important offices are too often filled by those who sink all their independence and manhood, in trotting over the country to hunt up materials to aid them in securing a position for which they have no qualifications whatever. Such is the political wire working, which has done so much to disgrace our State. In the appointment of Mr. Dixon, the old rule is reversed. The place sought him, instead of his seeking the place.—The appointment is one eminently fit to be made. *Portage City Record.*

JOHN F. POTTER RE-NOMINATED.—The Telegraph announced the glad news, yesterday afternoon, that the Republican Congressional Convention in session at Racine, had re-nominated by acclamation, Hon. John F. Potter as candidate in the First District. It will be hailed as a nomination eminently fit to be made, by all the friends of Freedom in the State and nation.—*Fond du Lac Commonwealth.*

DEATH OF OLD MRS. KIDD.—Mrs. Kidd, a venerable colored woman, well known in this city, died this morning at the house of her son, Henry Kidd (long the well-known porter of the American Hotel,) on High street. She was a little over one hundred and three years old.—She was born in Virginia, and once knew Gen. Washington and many other distinguished men of that State very well. She has resided in this city many years, and was much respected by those who knew her. She was generally known as "Old Mrs. Kidd."—*Cleveland Plaindealer.*

☞ The Duke Mecklenburgh-Strelitz has placed a laurel crown of gold on the tomb of Mme. Sontag who lies buried by her sister Nina's side in the chapel of the convent at Mariental, a village near Dresden. The crown bears this inscription: "To the best of wives and of mothers, the most faithful of friends, the most beautiful and amiable of women, the greatest of songstresses this crown is dedicated by George, Grand Duke of Mecklenburg-Strelitz."

☞ A grand firemen's muster has been arranged to take place at Worcester, Mass., on Wednesday, Thursday, and Friday, the 8th, 9th and 10th of September. Prizes to the amount of $1,125 are offered, as follows:—$400, 300, 200, 100, 75 and 50. There will be no classification of engines, but each company will play through 400 feet of hose, using such pipes as they see fit.

TORNADO.—A destructive tornado visited a few towns in Ulster county, New York, last Wednesday, tearing up and destroying everything in its course, blowing down trees, fences, and even dwellings, and in one of these dwellings were a number of persons, who were crushed by the falling building, killing three and seriously wounding three others.

Steamboats.

FOR CHICAGO.—Steamer *Traveller* leaves every morning, (excepting Sunday,) from Johnson & Olmsted's Dock, at 9 o'clock.

The Steamer *Arctic* leaves every Sunday evening at 8 o'clock, from Johnson & Olmsted's Dock.

FOR TWO RIVERS.—The steamer *Cleveland* leaves every morning, (excepting Sunday,) at 7½ o'clock, from same place, for Two Rivers, stopping at Port Washington, Sheboygan and Manitowoc.

FOR GREEN BAY.—The steamer *Arctic* leaves for Green Bay, from Johnson & Olmsted's dock, every Wednesday, at 8 o'clock P. M.

FOR GRAND HAVEN.—The steamer *Forester* leaves Kellogg & Strong's dock every morning, (Sundays excepted,) at 8 o'clock, for Grand Haven—Detroit & Milwaukee R. R. connection.

FOR BUFFALO.—A line of propellers run to and from Buffalo, one of which leaves this city daily.

FOR OGDENSBURGH.—A tri-weekly line of propellers also run to Ogdensburgh

GRIFFIN & BRADLEY, at the foot of East Water street, are the Ticket Agents for the above lines.

FOR COLLINGWOOD.—A tri-weekly line of propellers run to Collingwood, stopping at intermediate ports, and leaving this city on Sunday, Wednesday and Friday of each week. L. D. JENCKS, Agent.

Preparations for the Fall Travel.

The Detroit and Milwaukee Railway is now opened *through* from Detroit river to Lake Michigan, and on Monday next the route will be opened for business. As we stated some days since, the well-known and staunch steamers *Arctic* and *Cleveland* will, for the present, supply the connecting link between the D. & M. R. R., with its Eastern connections, and the system of railways, radiating from Milwaukee. The *Cleveland* went over to Grand Haven, yesterday, to take her place in the line. The *Arctic* follows; and the *Forester* takes the *Cleveland's* place, and will ply between Milwaukee and ports North.

It is intended to despatch *two* boats daily across the Lake; one leaving here at 2 P. M., after the arrival of the noon trains from the West, the other at 9 P. M., after the evening trains are in. The first will connect with the night train over the Detroit & Milwaukee R. R., and the second with the day train. Quick through time will be made by each.

The steamer *Traveller* will also commence running Monday, between this city and Chicago, leaving here every morning (Sundays excepted), at 9 P. M., and connecting with the early morning trains East, by the Central, Southern, and other roads. Travellers, therefor, arriving here from the West, will have a choice of several routes, to the East and South, and if in a hurry to move along, need not be detained an hour in our city. We anticipate a large addition to the travel to and through our city by the opening of these new routes.

THE ARCHITECTURAL REFORMER.—We are pleased to learn that our ingenious fellow citizen, SILAS SALISBURY, Esq., has now a fair prospect of being amply rewarded for his persevering skill in perfecting his wonderful machine for making brick, the "Architectural Reformer." Two wealthy citizens of Chicago have purchased the right of that city, for $10,000, on condition that the machine works satisfactorily, and as it has already been tested, there is no doubt about that. We are told that nearly all the brick makers in Chicago have agreed to use the machines. The purchasers of the right have the sale of the machines, which are to be manufactured exclusively in Milwaukee, and they will retain a certain per cent. on every thousand of brick made, one half of which goes to the patentee, Mr. SALISBURY. If the machine comes into extensive use, of which there is little doubt, this would amount to a handsome income, even for one city. Messrs MENZEL, CUMMINGS & GOODRICH are the manufacturers, and we understand that they have several of the machines on the way now, which will be finished in the early part of October, when one or more of them will be put to work here. Mr. P. C. HALE purchased the right for this city, some time ago, but upon what terms we are not aware.

A CAPITAL PIECE OF WORKMANSHIP.—A piece of statuary, now on exhibition at the store of RICHARDSON & GRAY, on Wisconsin street, is attracting considerable notice amongst the admirers of the fine arts. It is the mythological group of *Appollo* and *Daphne*, modelled in bronze by Mr. HENRY WILLIAMS, a worthy English mechanic, of this city, and a skillful artist, as the piece of workmanship in question is evidence. The group is intended as a Hall chandelier, for the mansion of JAMES H. ROGERS, Esq., on Spring Street Hill, and an elegant one it will be. As *Daphne* becomes transformed into a bay tree, as those acquainted with the mythological history of the groupe are aware, her arms, as she extends them in terror of her pursuer, change to limbs of the tree, and from each spring innumerable branches. These are turned into a practical use in this instance, to wit, gas burners. This is the first piece of bronze modelling ever executed in Milwaukee, and we venture to say that it cannot be surpassed by the best artist in any of the older cities of the country. It was cast at the Brass Foundry of Mr. W. LEIST, on West Water street. It may be seen at RICHARDSON & GRAY's for a short time, and it will be found well worth an examination.

WATER MELONS.—These delicious fruit are quite abundant in our city at the present time, but nevertheless storekeepers are selling them at the exhorbitant price of 20 to 25 cents a piece.

A PERFECT AND CHEAP SEWING MACHINE—The Quaker City two thread, double stitch, $20 Sewing Machine, of which Mr. R. H. HUNT, at the Ladies' Shoe Store on the corner of Main and Wisconsin streets, is the agent, is said to be the only cheap Sewing Machine in the world which will sew with two threads and make a double back stitch, and from the high recommendations which we have seen in its favor, we do not doubt the reliability of this statement.—This machine is extremely simple, readily adjusted, and adapted to every variety of work, from the finest cambric to coarse leather. The Chicago *Press & Tribune*, two of whose editors have the machine in their families, speak of it the following manner:

> SIMPLE, CHEAP, COMPLETE.—We believe that inspection bestowed on, or a brief trial given to one of the *Sewing Machines* advertised in our columns, will convince any intelligent person that these machinces merit the praise indicated in our caption, which can be said of few, if any, of the cheap machines now in market. It is claimed for this that it possesses a superiority over the most costly machines, in being less complicated. Its price is $20—table, $7; and yet it will turn off work of excellent quality, with a strong double thread stitch, and at a rate of speed that will delight all our house-keepers who are oppressed with family sewing. We have no hesitation in strongly recommending the machine to our lady friends who wish to employ what the *Home Journal* pronounces "*wire seamstresses.*"

DISCHARGED.—RUSSELL WHEELER, who was arrested by E. G. RYAN, Esq., on Monday, for being disorderly at the Seventh Ward polls, was discharged yesterday, no one appearing against him. After he was discharged, he inquired of the Police Justice, if Mr. RYAN was a constable? On being replied to in the negative, he said he would not have permitted the arrest had he known it at the time.—*News of yesterday.*

Humbug! Mr. WHEELER knew perfectly well who and what E. G. RYAN was. But he doubtless knew, too, that he had committed an unprovoked outrage in striking a man at the 7th Ward poll, and when Mr. RYAN stepped forward to arrest him—no policeman interfering—he very sensibly yielded and accompanied Mr. R. to the Station House.

SWORD PRESENTATION.—Company "A," Milwaukee Light Guard, paraded yesterday afternoon, with full ranks, and marched up to the residence of their Captain, JOHN C. STARKWEATHER; where, in the name of the non-commissioned officers and privates of the Company, an elegant sword was presented to the Captain, as a slight testimonial of the respect and regard felt for him by every man in his command. Capt. STARKWEATHER made a most eloquent and appropriate reply to the presentation address, and after a brief pause for refreshments, the Company marched to Market Square and wound up the exercises with an Evening Parade. They never appeared to better advantage. MERRILL's Cornet Band accompanied them and delighted the city with their music.

RUNAWAY.—A horse attached to a fragment of a wagon came rattling up West Water street, yesterday morning, at about eight o'clock, from the direction of the Milwaukee and Mississippi Railroad. There were not many other teams on the street at the time, else there would probably have been some mischief done. When the horse got up to Spring street, he crossed over, making a direct line for the door of the store on the North-West corner, but was suddenly brot to a stand still by coming in collision with the awning post. The horse ran from the Railroad depot, scattering pieces of the wagon here and there on his course, but doing no other serious damage.

ATTEMPTED SUICIDE.—A Mrs. HIGHLAND, who lives in the Third Ward, attempted to drown herself by jumping into the Lake yesterday, about noon. She was observed nearly all the forenoon about the pier at the foot of Huron street. She was seen to jump into the water by a young man, who rescued the unfortunate woman at the peril of his own life, and thus prevented the consummation of the rash deed. The woman appeared to be insane. A woman of the same name has frequently been before the Police Court for drunkenness, but whether this is the same person or not, we are not aware. Very likely she is, for insanity is a certain result of the use of bad whiskey.

SPURIOUS NOTES.—A number of spurious notes, purporting to be on the "Bank of Chicago," have been put in circulation, and being well engraved, are calculated to deceive the unsuspecting. These bills are ones and twos, made out in the form of certificate of deposit. At the left end is engraved in letters, the sixth of an inch long, "Seth Paine & Co., Bankers, Chicago." These notes are perfectly worthless, and were issued some six or seven years since by Seth Paine.

SHIP CHANDLERY.—We invite the attention of steamboat and vessel masters to the advertisements of Messrs. L. T. CHASE & Co., ship chandlers and grocers, who have recently opened an establishment of this nature in WALDO's new block, on the corner of East Water and Chicago streets. Messrs. CHASE & Co. have a commodious warehouse well stocked with every variety of material required in the rigging and fitting up of vessels, and steamboats, and also all kinds of ship stores, which they offer to sell at the most reasonable prices, for cash, either at wholesale or retail. Examine their stock.

POLICE COURT YESTERDAY.—Barney Riley, was convicted of disorderly conduct, and fined $3 and costs.

An old offender named Mary Rositter, was sent to Jail in default of $5 fine for being drunk.

Samuel Richardson, charged with disorderly conduct, was found not guilty.

William Miller, arrested on a similar complaint, was discharged by order of the City Attorney.

The case of Chas. Kirby, another disorderly, was adjourned till to-day for trial.

MADAME SEIBERT'S SCHOOL.—This excellent Day and Boarding School for Young Ladies opens, for the Fall Term, on Monday next. In addition to the preceptors heretofore employed, Madame SEIBERT has secured the services of a competent and experienced English teacher, a lady from Boston. We think the School the best one of its kind in our State, especially for those who wish to have their daughters well instructed in French, Music, and other accomplishments.

THE CASE OF "RUS" WHEELER.—In the remark, which we made yesterday, that if RUSSEL WHEELER had been other than a HADLEY Democrat, he would not have escaped punishment for his disorderly conduct at the polls on Monday, we did not, of course, intend any allusion to the City Attorney or Police Justice. No one appeared against Mr. WHEELER, and in consequence, no prosecution could be made.

UP TO THE FIFTH STORY.—The fine brick block of Mr. A. F. CLARK, on the corner of East Water and Chicago Streets, is nearly finished, being up to the 5th story. It is a good substantial building, and in architectural beauty, it is our opinion that it surpasses every other brick edifice on the street. HIRAM BOND is the builder.

DISSOLUTION AND CO-PARTNERSHIP.—The Ticket Office at the foot of East Water street will be conducted by Messrs. GRIFFIN & BRADLEY, instead of GRIFFIN & BURNS, hereafter, the late copartnership having been dissolved by mutual consent.

RENT.—J. S. FILLMORE, has a house on Van Buren treet, near Mason, at $12 per month.

ELECTRIC OIL—ELECTRIC OIL.—Many respectable dealers in various parts of the country, have been duly authorized to sell the genuine "Electric Oil," with the signatures of De Grath & Co., of Philadelphia, and such dealers are making more on sales than the Proprietors are, because it is an expensive remedy to make, the price, however, is invariable to the trade.

P. S.—Prof. De Grath & Co., of Philadelphia, have just received letter from a nephew in the country, detailing his wonderful cures by a single bottle, which they had sent him. He kindly permitted its publication. Look out for fraud. Only office, No. 65 South Eighth street, near Chestnut street, Philadelphia, directly in the centre of the city.

☞ Examine the Labels and the Bottles. See the written signature Prof. De Grath & Co., and the name blown the bottle, "Prof. De Grath." All others [illegible].

☞ For sale by Bosworth & Sons, and J. H. Tesch, Milwaukee; Fahnestock & Davis and Reed & Co., Chicago, and Druggists and Merchants generally throughout the country.

Quaker City Double Lock, Tight Stitch, $20 SEWING MACHINE!

ALL other Cheap Machines take only the single thread chain stitch. This takes the same two thread stitch as the most expensive ones now in use. Its work will not rip, though every 3d stitch be cut. The Machine is simple easily adjusted, and not likely to get out of order. Sews from two common spools, does coarse and fine work perfectly, by simply changing the needle and thread. They will stitch, hem and gather. This the only machine sewing with two threads, except one, in the world for less than $100. We invite all who wish a machine to do any kind of work done by machinery, to examine ours. Samples of work sent by mail on receipt of a stamp. Machines sent to persons who never saw them, and are used successfully after a few hours' practice. Full printed instructions given. Call at

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Later from Europe.

ST. JOHNS, N. F., Sept. 2.

The new steamship Pacific, of the Galway and New York line, arrived at this port, at 8 o'clock this morning. The Pacific left Galway at 1 A. M., August 25th. She had strong Westerly gales during the whole passage, and put in here in consequence of the derangement of an air pump. She will start to-night for Halifax.—Her news is not very important, though interesting.

Cotton slightly firmer, but higher, and all other articles of merchandize steady. Consols were quoted on the 23d at 96⅛a96⅜, for both money and account.

A despatch from Cadiz, in the London papers, says the U. S. Corvette Preble, which has been out on a voyage of instruction, left that port for home on the 16th of Aug.

The American Bark Champion arrived at Gibraltar Aug. 21st, having on board Mrs. Saubich the widow of the U. S. Consul who was recently murdered by the Turks at Kaffa, together with her family.

The messages which passed between the Queen of England and President Buchanan, over the wires of the Atlantic cable, were published in the London papers of the 23d August, and excited some comment, especially the despatch of Mr. Buchanan. The Daily *News* says there is more of simple dignity in the Queen's message, but greater grasp of thought in the President's, with perhaps a dash of ambitious straining after effect. The *News* says, also, that it would have been better for the President to have omitted the last paragraph.

The London *Times* believes that the Ocean Telegraph will be the guarantee of perpetual peace between the two countries.

Foreloosteubayo & Co., of London, Merchants largely engaged in the Mediterranean trade, have failed. Their liabilities are estimated at over 150,000 pounds.

FRANCE.—The Emperor and Empress returned to St. Cloud, on the evening of the 21st, from their tour in Brittany. It is positively announced that Duke de Malakoff will soon marry a near relative of the Empress Eugenie. The bombardment of Djedda seems to have taken the French quite by surprise, caused some uneasiness in Paris, but explanations which were made to Gen. Pelisser, in London, by the British government, were considered satisfactory, and the uneasiness subsided. The reported amalgamation of the Credit Mobilier bank, with the bank of M. de St. Paul, is fully contradicted.

The Empress of Austria was safely delivered of a Prince on the 21st of August.

The rumor is gaining that the definite abdication of the King of Prussia has become absolutely necessary. His disease is getting worse.—There were some fears that the event will bring on a political crisis.

SPAIN.—The Spanish Government has announced a decree, that all merchant vessels, whether native or foreign, shall pay Lighthouse duties only once.

LIVERPOOL, August 23d, by telegraph to Galway.—The sales of cotton to-day, were 10,000 bales, of which 3,000 were on speculation and for export. The market has been steady during the day, and closed slightly firmer, though without quotable advance.

Breadstuffs.—Flour, quiet and entirely unchanged, with the exception of a rather better demand for Ohio. Wheat, buoyant but quiet and without change to note in prices. Corn, dull and nominal.

Provisions.—Our market is generally steady. Sugar, quiet but steady. Coffee, slow of sale but without change. Linseed Oil sold, 34s a34s 6d.

LONDON, Aug. 23, P. M.—Consols closed today at 96⅛a96⅜. Breadstuffs steady. Sugar, quiet. Other articles no sale.

Government has resolved to strengthen considerably the fortifications at Madon and likewise to increase the garrison there.

CHINA.—The allies did not change the treaty of Peace, as sent out to this country by the Ocean Telegraph, and also by the steamer Africa, yet it lacks positive confirmation, but is generally credited in Europe. It reached the French Government through its embassy at St. Petersburgh, where it arrived overland, being dated Tiensen, Aug. 27, more than 3 weeks later than the dates received in England.

Arrival of the Africa.

NEW YORK, Sept. 2.

The R. M. steamship Africa, from Livepool on the P. M. of August 21st ult., arrived at five o'clock this P. M.

The announcement of the collision between the Arabia and Europa, reached England per Atlantic Telegraph on the 20th ult., and was the first public message sent east through the cable.

The Asia would sail for Boston on the 28th.

The Jura, from New York, was telegraphed off Hollyhead at noon of the 21st, and would arrive at Liverpool about 5 P. M.

The ship Essex, with 75,000 ounces of gold, had arrived from Melbourne.

Mr. Ten Broeck's American horse, Babylon, won the Chesterfield handicap, at York, against a field of seven horses.

A great county demonstration in honor of the success of the cable, was being organized at Killarney, in a shape of a banquet to the directors of the Company.

A project is on foot for running a railway to Valentia, by the Atlantic and Great Western Railway Company. Ohio and Pennsylvania had negotiated in England bonds for about two million dollars.

At a meeting of the Liverpool Workhouse Committee, it was reported that 35 destitute emigrants whose passage had been paid from the U. S., had been brought to the Liverpool Work House. One-fifth of the number were lunatics.

The fact that an enquiry could be sent from London, and a reply of some length be received from New Foundland, in two and a half hours, which had been demonstrated in the matter of the collision between the Arabia and Europa, was regarded with great satisfaction.

FRANCE.—Some Italians had been arrested at Cherbourg and Paris. The Paris police were exercising a marked surveillance at the station of the Great Western Railway. The Government had been informed that Mazzini had left London. The bombardment of Djedda has caused a great sensation everywhere, but still remains uncommented on by the press. The Moniteur announces that a treaty has been concluded with China. The ports are thrown open, the Christian religion is allowed to be freely practiced, foreign consuls and diplomatic agents are to be admitted at Pekin, and an indemnity is to be paid to England and France.

From other parts of Europe there is nothing to add to accounts received by the Propeller at St. John's N. F. The Commercial news has been mainly anticipated.

LONDON Market, Saturday.—Sugar, quiet.—Coffee, no sale. Tea, not affected at present by the Chinese news. Rio, in fair inquiry. Tallow, steady.

DETROIT, Sept. 2.

The Democratic State Convention met here to day, and made the following nominations:

Governor, Chas. E. Stuart, of Kalamazoo County; Lieutenant Governor, Geo. Monroe, Hillsdale; Secretary of State, J. C. King, Mackinac; Superintendent of Public Instruction, D. C. Jacokes, Wayne; Treasurer, Edward Karter, Wayne; Commissioner of Land Office, John Ball, Kent; Auditor, Gen. John J. Adams, Lenaway; Attorney General, J. G. Sutherland, Saginaw; Member of Board of Education, A. Y. More, Kalamazoo.

Resolutions were adopted declaring adherence to the Cincinnatti platform, asserting the right of every people to vote upon their constitution if they desired, expressing their confidence in Buchanan's Administration, and congratulating the country upon the settlement of search and seizure question on the basis of the Gen. Cass protest.

WORCESTER, Mass., Sept. 2.

The Democratic State Convention organized this morning. Mr. Parmanter, of Middlesex, in the chair. After some preliminary business, a vote was taken for permanent President, which resulted in the election of Gen. James S. Whitney, of Springfield. Upon assuming the chair, Mr. Whitney made a brief but paternal speech; thanking them for the honor, upholding the principles of the Kansas-Nebraska act, eulogising the present administration, condemning the action of Gov. Banks, in the removal of Judge Loring, and advocating union and harmony. The Convention is very full and harmonious. As yet it is impossible to foresee the nominee.

Destructive Fire at Fulton, Ill.

FULTON, Sept. 2.

A fire occurred here this morning at 1 o'clock which burned two blocks, including the Post Office, dry goods stores, printing office, and several dwellings. Loss $60,000—insurance small. It is supposed to be the work of an incendiary.

PROVIDENCE, Sept. 2.

The commencement at Brown University passed off very pleasantly, the attendance was large and the exercises interesting.

The Quarantine Station on Staten Island Destroyed by a Mob.

NEW YORK, Sept. 2.

The Quarantine Station was attacked last night by a mob of one thousand men, and several of the buildings fired. The large Hospital buildings, now used for yellow fever patients, together with Dr. Thompson's private residence, were entirely destroyed. Several other small buildings on the premises were also burned.

Dr. Thompson rallied a force of 60 men and endeavored to protect his dwelling, but they were all driven out. One man of the Doctor's party was shot dead.

Before firing the Fever Hospitals, the mob removed the patients on their mattrasses to a distance, laying them on the ground.

No intelligence of the outrage reached the city until 3 o'clock this morning, when a body of Harbor Police was despatched to the scene, but they arrived too late. The inmates of the buildings, as many as could, fled, fearing that the mob would take their lives.

NEW YORK, Sept. 1.

It is ascertained that the burning of the Quarantine buildings at Staten Island was decided on at a meeting of the citizens held yesterday at Castleben. Ray Tompkins and Thos. Burns, hotel keepers, were active at this meeting. The board of health at Castleben posted hand bills, signed by their Chairman and Secretary, in which the Quarantine was denounced as a nuisance, too intolerable to be borne, and recommending the citizens to protect themselves by abating it without delay.

The plan was to burn all the buildings and placing the sick in a barge, tow them to the City, and leave them anchored off the Battery. The number of the sick is 81, several of whom are nearly dead. No disguise was attempted by the mob. It is said they intended to burn the main buildings to-night, but the presence of the Police will probably prevent it.

LEAVENWORTH, Aug. 31.

Per express to Boonville.—The Salt Lake mail, with dates to the 7th of August has arrived. The election of August 2d, passed off quietly. The Gentiles had an opposition ticket, but Mr. Osborne, of Green River County, was the only one elected to the Legislature. In Salt Lake Co., the ticket received only thirty votes.

The late appointment, by Gov. Cummings, of Probate Judge, in Carson and Green River Counties, caused some dissatisfaction among the Mormons, but all was quiet at the departure of the mail.

Thirty soldiers had deserted from Gen. Johnston's command. Capt. Tracy was on trial at Cedar Valley, for insubordinate conduct. Col. Alexander and Col. Hoffman are ordered to Oregon with the 6th Infantry.

The road from Devil's Gate to Fort Bridger is strown with cattle. Nine hundred cattle were met at Big Sandy, of which nine head had died that day.

Col. Williams command was met at Scott's Bluff, the Seventh Infantry.

One thousand men, under Col. Morrison, were at Platte Bridge returning. The Volunteers, under Col. Bae, were passed at Fort Laramie.—But few indians were met. The rivers were low.

LEAVENWORTH, Aug. 29.

Advices from Utah to the 7th of August are received. The 6th Regiment of Infantry are ordered to Benicia. Col. Canby, of the 10th Infantry, with two Co.'s second Dragoons, two Co.'s of 6th Infantry, are to garrison Fort Bridger.

The following officers are on leave of absence, left Utah on the 6th:

Col. Cooke, Lieuts. Buford and Pegraw, of the 2d Dragoons, Colonels Waite and Chapman, Capt. Mercy, Lieut. Rich, of the 5th Infantry, Col. Alexander, Capts. Gardiner, Glove and Dovant, and Lieuts. Grover, and McGrader of the 10th Infantry.

The mule board is still in session at the Fort. They will probably complete their labors this week. The prosecution will close to-morrow.—Most of the evidence so far has been merely statements of the parties who delivered the mules there this year.

Major Sherman's Battery leaves to-morrow for Fort Ridgely, Lieut. Dubarry in command, the Major being detained as a member of the board.

The Great Cable Celebration in N. Y.

NEW YORK, Sept. 1.

The day continued fine throughout, and the celebration came off according to the programme, with less confusion than might have been reasonably anticipated from the extent of the preparations and the vast concourse of people assembled to witness the show. The procession was very long and surpassed anything of the kind ever got up here. The military, especially, made a very brilliant display, and the several regiments which formed the line, were greeted with cheers from all sides. Other divisions of the procession, especially that embracing the several trades, were also greeted with applause.

Most conspicuous among these was the man bearing the telegraph instrument of Professor Hughes, and the man with a sewing machine, on which were a number of female operators at work. Printers, lithographers, carpenters, cabinet makers, with many other trades, were also appropriately represented. Cyrus W. Field rode in an open barouche, and was greeted with waving handkerchiefs and hearty cheers.

The procession did not all arrive at the Palace until nearly 6 o'clock. That building was crowded to excess. The services were imposing, the music superb, and the speeches appropriate. The presentation speech to Mr. Field was made by Mayor Tiemann. It was neat and complimentary, and was responded to by Mr. Field. The oration by David Dudley Field, was a masterly performance, and elicited repeated applause.

During the ceremonies, two odes, written for the occasion by Mrs. Ann S. Stephens, were sung by an immense choir, composed of several of our largest musical societies. After the services at the Palace, the torchlight procession of the New York Fire Department took place. It was a magnificent display, and formed a fitting close of the day. Broadway was a blaze of fire from the Battery to Union Park.

All the public buildings and a large portion of the private ones were brilliantly illuminated, many of them displaying magnificent devices.

The municipal display of fire works in the Park was imposing, and witnessed by an immense concourse of spectators.

At one o'clock the city was comparatively quiet—the whole show having passed off with remarkable freedom from disturbances or accidents. The exhibition throughout was one well calculated to render it ever memorable for its own richness, as well as for the event which will long outlive it, and for which it was made.

Terrible Accident on the Alleghany Valley R. R.

PITTSBURGH, Sept. 2.

A horrible disaster occurred last night at 8 o'clock on the Alleghany Valley Railroad, near Hutton's Station, 12 miles above this city. The Kittanning train coming down, stopped at Tarrentum, and hitched to a car containing a large party returning from a camp meeting.

When the train reached the point above mentioned, the Tarrentum car was thrown from the track by the breaking of the cross bar connecting the brakes, and the car rolled down a steep embankment, turning over twice.

Several persons were instantly killed, and a very large number wounded. The killed and wounded mostly reside in Pittsburgh and vicinity. They were brought here last night. A coroner's jury held an inquest on the body of Miss Kincaid, and exculpated the Company and employees from blame

Railroad Accident.

ALBANY, Sept. 2.

As the train on the northern road was coming in crowded with passengers, last night, a freight train on the Central Road was backing down to the crossing and ran into the last car of the passenger train, upsetting it. The following passengers were injured: Edgar Lobdell, probably fatally; Mrs. A. S. Ayres, shoulder dislocated; Moses Cooper, arm broken and injured internally; Capt. Washburne, badly cut over the face and head; Mrs. C. Powell, badly cut over the face and head. All the foregoing are from West Troy.

The Cable Celebration in Buffalo.

BUFFALO, Sept. 2.

The grand Atlantic Telegraph Banquet came off at St. James Hall last night. Hon. Millard Fillmore presided, and speeches were made. A number of distinguished Canadians were present and participated in the festivities, which were of the most pleasant character.

The message from London to Cyrus W. Field was received via Philadelphia, Pittsburg and Cleveland about midnight, and created the most extravagant manifestations of joy. Congratulatory messages were received from the Mayors of several western cities.

CHARLESTON, S. C. Sept. 1.

The Mercury of to-day contains the opinion of the Attorney-General of S. C., on the subject of the negros brought here in the brig *Echo*. It is to the effect that the Africans be retained by the U. S. Marshal, and that they are not subject to S. C.

Washington Matters.

WASHINGTON, Sept. 2.

Lieut. Segrave, who distinguished himself in the fight with the pirates in the East Indies during the Perry expedition, has been appointed to the command of the steamer Water Witch, fitting out for Paraguay.

During August one thousand and seven bounty land warrants were issued, to satisfy which 104,000 acres are necessary.

The Secretary of Navy will soon make a visit of inspection to the Norfolk Navy Yard.

Adjt. Gen Cooper left this city this P. M. to meet General Scott at Old Fort Comfort.

A Card from Dr. James M. Jarrett,

OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive cure of all diseases of the *Throat, Lungs and Air Passages.* By Inhalation, the vapor and curative properties of medicines are directly applied to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment*; and although I consider it a use of adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropy to aid the above charity has been long and liberally supported, after due consideration, have concluded to make such arrangements as will bring benefits of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. *Inhaling Vapors, Medicinal Inhalers, &c., &c.*, will be forwarded to any part of the United States or the Canadas. TERMS.—My terms for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapors and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicines, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as I seldom have to treat a case over thirty days. Letters for advice promptly answered. For further particulars address
JAMES M. JARRETT, M. D.,
No. 520 Broadway cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapors can be seen and inspected.

TELEGRAPH EXPLAINED

FOR a plain, simple, but complete description of how messages are sent by telegraph not only under the ocean but over land.

The *American Agriculturist* for September contains a complete article, with *eleven engravings* which make perfectly plain to the comprehension of even the child *how it is* that signals and words are transmitted by telegraph. It is not a mere history of the Atlantic Cable, like those published in the newspapers, but goes back of this and presents a plain, simple account of the whole matter of telegraphing, just such as every person will desire to read, even if partly acquainted with the subject. Send *ten cents* and get that number, *post-paid*, (in English or German,) and also find in the 32 pages of the same number, a large amount of other valuable reading matter appropriate to the work of the season in the Field, Garden and House, one large engraving, a "take off" upon Horse-racing at Fairs, is worth the price of the number. One Dollar will pay for the *Agriculturist* a year.

FRIDAY MORNING, SEPTEMBER 3.

REPUBLICAN NOMINATIONS.

FOR CONGRESS, FIRST DISTRICT,
JOHN F. POTTER.
SECOND DISTRICT,
CADWALLADER C. WASHBURNE.

Republican State Convention.

A REPUBLICAN STATE CONVENTION will be held at the Assembly Hall in the city of Madison, on Tuesday the 4th day of October next, at 2 o'clock P. M.

The objects of the Convention are to confer generally upon the interests and welfare of the party; and take all needful measures to insure its harmonious and vigorous action, and the perfection of its State and local organization, and also such other matters as may properly come before it.

It is recommended that each Assembly District send two delegates; and it is hoped that good and true Republicans from all parts of the State will attend and aid the Convention by their presence and counsel.

The English Bill.

We copy, this morning, from the Cincinnati *Gazette* of the 31st ult., some extracts from a remarkable letter of Senator CLAY, of Alabama, to the people of his State, with the accompanying editorial remarks of the *Gazette*. We commend both to the earnest consideration of the people of Wisconsin. They may read, in what Senator CLAY says, an official exposition, by high Democratic authority, of the intent and meaning, the aim and object, of the English Bill.—The South, with reason, claims a peculiar triumph in the adoption of the English Swindle because, if Kansas *rejected* the proffered bribe to come into the Union as a Slave State, she could be kept out of the Union till her population, reached 100,000.

And meantime, as Senator CLAY exultingly proclaims, Kansas, under the DRED SCOTT decision, is open to the inroads and encroachments of SLAVERY. Such is the "settlement" of the Kansas question, which the Federal Administration boasts of having made; which the "National Democracy" acquiesce in; and which the *News* and other party organs, in this State, endorse and sustain. Are the FREEMEN of Wisconsin prepared to record their verdict in favor of so transparent a swindle?

The Democratic Congressional Nomination—The Barstow-Kilbourn Interest in the Ascendant.

The plot of the Barstow-Kilbourn wing of the Democratic party, to throw the Congressional nomination out of Milwaukee County, since they could not get it for one of their own tribe here, has been crowned with success. After a hard struggle and many ballotings, BERIAH BROWN, of Waukesha, a favorite of "the Forty," who was simultaneously designated, some days since, by the *News* here, and the *Argus* at Madison, *as the* man for the nomination, carried off the prize by one majority. Mr. BROWN is a "veteran polititioner," having been quite prominent in the political conflicts in this State these twelve or fifteen years past. He has always been attached to the Barstow division of the party, and during the last few years of his editorial life made fierce war upon our late U. S. Senator, General DODGE. He is, withal, a man of good abilities, of considerable political experience, out-spoken in his opinions, firm in his friendships, strong in his prejudices, and zealous in his partizanship.

The nomination of Mr. BROWN is a decisive triumph for the Barstow Kilbourn interest, and they exult over it accordingly. They seem especially pleased with the manœuvre by which they prevented the selection of a candidate from Milwaukee County. The masses of the party, however, do not appear to share in their satisfaction. They had made up their minds to have a Milwaukee candidate, and are both disappointed at the result, and disgusted at the influences by which it was brought about. Whether time will reconcile them to the dispensation, remains to be seen.

STRUCK BY LIGHTNING—AN OPERATOR IN DANGER.—The *News* was "hit hard" by the telegraph despatch from Racine, giving details of the Democratic Congressional Convention. The despatch, among other things, graphically and briefly says:

"A recess was taken till 2 p. m., to drink."

No doubt such was the fact, but the *News* is indignant that it should be made public, and it thus threatens the offending operator with speedy punishment:

If the telegraph company employ partizan blackguards to send through their reports, the sooner they will cease to send reports to us the better. We pay the company for their services, but cannot afford to do so, if the reports are to be tinctured with Black Republican pot house slang. The above specimen is an unbearable outrage, and we shall appeal to the head quarters of the company for the dismissal of the Racine libeller.

If there is any "libel" in the matter, it is in representing the Convention as taking a *recess* to drink. Our own belief is, that they drank without the formality of any recess.

CONGRATULATORY.—Congratulatory messages were sent to-day to Mr. FIELD, from Gov. RANDALL of Wisconsin, and Mayor PRENTISS of this city.—*Wisconsin.*

Mr. FIELD must feel highly honored, when two such distinguished and talented dignitaries condescend to congratulate him.—*News of yesterday.*

Congratulatory messages were sent to Mr. FIELD, on Wednesday—the day of the General Celebration—by the Governors of nearly all the States and the Mayors of the principal cities of the Union. Gov. RANDALL and Mayor PRENTISS, in uniting in this deserved compliment to Mr. FIELD, spoke for WISCONSIN and MILWAUKEE.—In view of this fact the public, will properly appreciate the above sneering paragraph from the *News.*

A LAME EXPLANATION.—The *News* accounts for the election of Messrs. HADLEY and KILBOURN over E. G. RYAN and H. SCHWARTING, by saying that the *Sentinel* espoused the cause of the latter. The *Sentinel* made no reference whatever to the subject till *after* the caucuses were over.

The *News* adds that Messrs. SCHWARTING and RYAN "once stood fair with the Democracy," but are now "damned." The *News* may have frequently "damned" those gentlemen, but they stand all the fairer for that with the Democracy.

BYRON KILBOURN has commenced a libel suit against ATWOOD & RUBLEE of Madison, it is supposed for publishing the "P. S." which was signed by "K."—*Janesville Gazette.*

We have only had a "summons for relief" from Mr. KILBOURN, as yet, and it has been suggested that a bottle of Radway's Ready Relief might do his business.—*Madison Journal.*

It is said that it was this R. R. R. which did the business for BERIAH BROWN at the Racine Convention, on Wednesday last.

EUROPEAN STOCK REPORTS.—The Board of Brokers in New York appointed a committee, Friday, to negotiate with the Atlantic Telegraph Company for a daily report of the London money market, just before the opening of the First Board. The difference of time between London and New York, would enable the New Yorkers to know at the *opening* of the business of the First Board the prices at the *closing* of it at London, the same day!

From the Cincinnati Gazette.

Senator Clay on the English Bill.

Senator CLAY, of Alabama, has written a long letter to his constituents, in the course of which he shows that the conference measure was better for the South than the original Lecompton bill of the Senate. His remarks are worthy of particular attention in this latitude. We quote the following passages:

LECOMPTON NOT SUBMITTED

"There is nothing in the language or spirit of that act to warrant the assertion that it submitted the Lecompton Constitution to a vote of the people, but much to contradict the assertion; for *it acknowledged that Constitution to be the act of the people of Kansas, to be republican in form, and to be acceptable to Congress,* but declared that the terms of admission demanded by Kansas were unacceptable, proposed other terms and submitted them to a vote of the people. It is true that the people might vote against the terms proposed, not because they were unacceptable to them, but because the Lecompton Constitution was unacceptable to them. But what had Congress to do with the motives of the people of Kansas? I could not legislate reasons for their acts into, or out of their heads."

BETTER FOR THE SOUTH THAN LECOMPTON.

Hence, I repeat, *there is no objection to the Conference bill that does not obtain against the Senate bill. There are objections to the Senate bill that do not obtain against the Conference bill.* The Senate bill, by the Green-Pugh amendment, declared the right of the people of Kansas "at all times to alter, reform or abolish their form of government, in such manner as they may think proper. Congress hereby disclaiming any authority to interfere," &c.,—which truism seems to be an apology to Black Republicans, in and out of Kansas, for admitting her under the Lecompton constitution, and a suggestion to them to come in, and immediately thereafter to change their constitution—a policy which some of them advocated. Again, the Senate bill made no provision about Kansas in case of her refusal to come into the Union under the Lecompton constitution. The Conference bill is free from the Green-Pugh amendment, and declares, if Kansas refuse the terms therein proposed, she shall not be admitted into the Union till "it is ascertained by a census, duly and legally taken, that the population of said territory equals or exceeds the ratio of representation required for a member of the House of Representatives of the Congress of the United States"—a declaration by law of sound general principle which may tend to suppress those frequent conventions that have destroyed all peace in Kansas and in Congress, and *may keep her a Territory for many years, where, under the Nebraska-Kansas act and the Dred Scott decision, Southrons have a right to carry and hold slaves*

This is the beautiful English bill, which the Democracy of Ohio have deliberately resolved to acquiesce in, and to sustain as a test of party fidelity. This is the grand issue to be passed upon by the people of this State at the coming election. Southern Democrats have a frank, manly way of speaking, which their Northern allies are as scrupulous to avoid. The latter dodge, and quibble, and fib, to cheat the people—but Senator CLAY gives the plain English of the whole business. Let every honest voter carefully read his exposition of the Conference bill, and see the effect of his vote for a Democratic Congressman.

But this is not all. Mr. CLAY candidly owns that the bill offered "strong inducements" to the people of Kansas to come in as a Slave State.—Hear him:

THE BILL CONTAINED A BRIBE AND A THREAT.

"I think nothing was lost by the Senate in the Conference Kansas act, either in the abstract or the concrete, in principle or practical results.—It maintained the right of the people to form a slaveholding State in territory North of 36 deg. 30 min. proposed to admit such a State on equal terms with other new States, and *offered her strong inducements to come into the Union,* by declaring *if she did not accept the terms proposed, she should stay out till she attained the population that would entitle her to one representative.*"

This, then, was "leaving the people *perfectly free* to choose or reject slavery," was it?

WHAT THE SOUTH HAS GAINED.

"Our rights have, at least, Federal law to sustain them in a Territory, which in most non-slaveholding States has been, and in Kansas, if admitted as a State, would soon have been, nullified by State legislation. In that event we, who voted for any act by which she entered the Union, would have been censured as much, and with equal justice, for ADMITTING AN ABOLITION COMMUNITY OF BUT 40,000 PEOPLE, when, by law, 93,420 were requisite to entitle a State to one member of the House of Representatives."

These are a few of the many rich things in this letter of Mr. CLAY—which bears date August 19, 1858, and is published at length in the Mobile *Advertiser* of August 22d. There are many other points in this letter, on other political matters, quite worthy of notice, and we lay by the balance of it, for future consideration.—If "the Democracy is a unit," it is a lucky thing to come across one of its leaders, occasionally, who is candid and communicative like Mr. CLAY. He is an orthodox Democrat, of the Administration stamp, and as such his views are authoritative and highly interesting.

THE RE-NOMINATION OF MR. WASHBURNE.—The Madison *Journal*, referring to the enthusiastic re-nomination of Mr. C. C. WASHBURNE, by the Republican Congressional Convention, in the Second District, says:

Of Mr. WASHBURNE we need not speak. He is known throughout the district, and the unanimity and enthusiasm manifested in his re-nomination speak, more powerfully than words can, of the hearty approbation which his course in Congress meets among the Republican masses of the District. The three Washburnes are re-nominated; Potter is again on the course; and all bound to be re-elected. In the next Congress, as in the present, the fire-eaters may expect to see "Potter, the wiry," and the Washburnes.

—"Potter the wiry from woody Wisconsin;
Washburn stood with his brother—Cadwallader stood with Ellan;
Broad Illinois sent the one and woody Wisconsin the other."

SEPTEMBER ELECTIONS.—Elections are to be held this month in Maine, Vermont and California,—the first on the 13th, and the other two on the 7th of the month. In Maine, a Governor, six members of Congress, and members of the Legislature are to be chosen. The following are the candidates of both parties for Congress:

Dist.	Dem.	Rep.
1.	Ira T. Drew,	D. E. Somers.
2.	D. R. Hastings.	J. J. Perry.
3.	A. W. Johnson.	E. P. French.
4.	A. Gile.	*F. H. Morse.
5.	J. Wiley.	*I. Washburne.
6.	B. Bradbury.	*S. C. Foster.

Manasseh H. Smith is the Democratic, and Lot M. Morill the Republican, candidate for Governor.

In Vermont the nomination for Governor are complete, with the exception of the 3d district. They are as follows:

Dist.	Dem.	Rep.
1.	C. C. Eastman.	*E. P. Walton.
2.	W. H. H. Bingham.	*J. S. Morrill.
3.	"	"

Those marked (*) are re-nominations.

ANOTHER REBUKE FOR THE NEWS.—The Waukesha *Democrat* gives the *News* a severe talking to for its threat to "bolt" Mr. JAMES S. BROWN, if nominated for Congress. The *Democrat* says:

The course that the Milwaukee *News* is pursuing towards James S. Brown, Esq., it strikes us is most injudicious and unwise, unless it wants the Democratic candidate for Congress defeated. When the press and the party in all other parts of the District are doing their utmost to secure harmony and unity of action, it would seem as if the *News* is doing all it can to produce schisms and heart-burnings that can only operate injudiciously, and result in the election of Mr. Potter.

* * * * * * * *

The suicidal course of the Milwaukee *News* has alarmed us for the prospects of successful unity. If the Democratic party in this District is beaten at the coming election, that paper will be entitled to all the laurels of throwing the election into the hands of the Republicans, and if successful, as we trust it will be, no credit can be justly awarded to such as have done everything possible to divide and distract the Milwaukee Democracy, the bulwarks of our party in this District, without whom united we might just as well hope to clutch the moon, as elect our member of Congress.

HEALTH OF MINERAL POINT.—We believe there are few places the size of Mineral Point where there is as little sickness and as few deaths as in this city. We have taken considerable pains during the past week to ascertain the number of deaths within the city limits since the 1st of January last, and can learn of but *two* adults and six children who died since that time and that, too, out of a population of at least 4,000. Where is there another place of an equal number of inhabitants of which it can be said the deaths average but one a month?—*Tribune.*

Kansas—Official Returns of the Election, &c.

LAWRENCE, Saturday, Aug 21.

The following proclamation has been issued by the Board of Commissioners appointed by Congress, showing the returns in full up to the time they were counted, on the 18th inst., at Lecompton:

PROCLAMATION.

In accordance with the provisions of an act of Congress, approved May 4th 1858, entitled "An Act for the admission of the State of Kansas into the Union," the undersigned Board of Commissioners having carefully canvassed the returns received by them of the election held the first Monday in August, 1858, on the propositions therein submitted, and made in conformity with the requirements of said act, have ascertained the vote to be by counties and precincts as follows:

Counties.	Prop. Ac'd	Prop. R.	Counties.	Prop. Ac'd.	Prop. R.
Atchinson	26[illegible]	616	Johnson	154	424
Anderson	4	318	Jefferson	26	178
Allen	28	265	Leavenworth	456	2,206
Brown	35	248	Lykins	29	440
Breckenridge	4	98	Linn	43	423
Bourbon	27	439	Madison	—	165
Calhoun	32	25[illegible]	McGee	5	14
Coffey	16	440	Nemaha	12	227
Doniphan	2[illegible]	927	Pottawatomie	8	236
Davis	97	125	Riley	23	255
Douglas	41	1,785	Richardson	1	72
Dorn	9	—	Shawnee	41	745
Franklin	6	576	Wise	6	55
Hunter	—	28			
Total				1,788	11,300

Majority against Proposition, 9,512.

Now, therefore, we do hereby proclaim the result of said election to be, that for "Proposition Accepted" there were cast one thousand seven hundred and eighty-eight votes, and that for "Proposition Rejected" there were cast eleven thousand three hundred votes, and a majority of the votes cast being for "Proposition Rejected," it is deemed and held that the people of Kansas do not desire admission into the Union with said Constitution under the conditions set forth in said Proposition.

J. W. DENVER,
HUGH S. WALSH,
A. G. DAVIS,
G. W. DEITZLER,
} Board of Commission'rs.

(C. W. Babcock Esq., being absent from the Territory.)

By this report the whole number of votes cast was 13,288, of which two hundred were rejected from some want of formality. Besides, thirteen precincts are not heard from, in which the estimated vote is 1,200. This added to the returns gives 14,488 as the full vote cast, which is quite equal to the expectations of the most sanguine. The actual vote against the proposition cannot be less than 12,500 and the number for it is but one or two hundred more than the vote for the members of the Convention that made the Constitution last year. It is generally conceded that these figures give about the true strength of both parties in Kansas: that is, about one to seven and a half in favor of Buchanan and his swindle.

Boat Race.

It has been heretofore announced that a boat race, to be rowed in the Detroit river, was pending between the Metropolitan Boat Club, of Chicago, and the Shakspeare Boat Club, of Toronto. The challenge of the former club, published in the New York *Clipper*, is accepted by the Toronto club. The sum to be staked on the race is one thousand dollars, five hundred on a side, and the time fixed, the 6th of October next. We may expect one of the most animated and interesting affairs that have occurred in that line, as both clubs are ranked as first class, and will undoubtedly do their best in view of the interests at stake. Our own boat club will of course become interested in it, and will probably assume the responsible position of entertainers during the visit of their brethren. None are more competent to hold that position with credit to themselves and the city. The following is the acceptance of the Shakspeare Club, and the rules proposed by them, as challenged party:

"TORONTO, Aug. 25, '58.

W. B. Curtiss, Esq., Treasurer Metropolitan Boat Club, Chicago:

DEAR SIR—We beg to state that we accept your challenge, which very recently appeared in the *Clipper*, to pull you a five mile race, at Detroit, on the sixth day of October next. Enclosed you will find articles drawn up according to your ideas of the race; if any improvement or requisite addition can be made by you, we will be happy to give the same our consideration.

I am, sir, yours respectfully,
ROBT. SICCKDALE.

We, members of the Shakspeare Toronto Rowing Club, herewith agree to abide by, if accepted, the following articles, to be subject and applicable to the four-oared race match now pending between the Metropolitan Club, of Chicago, and the Shakspeare, of Toronto, for five hundred dollars a side, and the Champion Flag of the Lakes, and named to take place at Detroit on the 6th day of October next:

Article No. 1. That the distance to be pulled in this race be five miles, two and a half miles out and two and a half miles in, to take place at Detroit, in four-oared boats.

2. That ten o'clock A. M. be the time appointed to start, and that either boat, together with the pullers thereof, not being there by eleven A. M. of the same day, shall forfeit all claims to the the race.

3. That each crew have their own stake boat to turn, and each to be equi-distant from the starting place.

4. That each club select their own judge, and the referee to be chosen by the judges so appointed.

5. That neither boat will be allowed to take the place of the other boat, without first having gained one open length upon the boat whose place it takes.

6. That the forfeit money be two hundred and fifty dollars a side, to be placed in the bank, at Detroit, subject to the order of the judges and referee.

7. That the remaining two hundred and fifty dollars a side be put up on the morning of the race.—*Detroit Free Press.*

PRESIDENT BUCHANAN IN AN ALARMING POSITION.—A correspondent from Bedford Springs to the Baltimore *Sun*, writes as follows:

"The lady of Colonel Alfred Spates, of Cumberland, Maryland, one of the visitors at the Bedford Springs, by her dashing exploits with a pair of superb horses has created quite a sensation. The other day she sent her card to the President, who, of course, with his usual politeness, placed himself in her charge, and the lady gave him a glorious round behind her gay steeds. Dashing through Bedford town at a spanking pace, the horse flecked with foam, the lady glowing with excitement, and the President known to everybody, very serious alarm seized the public mind that some aspiring dame had caught up the Chief Magistrate of the United States and was eloping with him. As it was observed, however, that the President took it very calmly, called upon no one for help, and seemed perfectly resigned to the consequences, whether it was a broken neck or matrimony, nobody interfered. In good time the party returned, and the President was restored safe and sound to his anxious friends."

SECRETARY TOUCEY LEARNS WHAT OAKUM IS USED FOR.—Mr. Toucey, Secretary of the Navy, on Wednesday paid a visit of inspection to the Brooklyn Navy Yard, and to all the vessels of war in port, the workshops, &c. The N. Y. *Tribune* says:

Mr. Toucey was very much interested in the oakum factory. Seeing a large number of bales around, he inquired what they did with so much of it. He was told that they made oakum there for all the Navy Yards of the United States. Mr. Toucey then desired to see the rope manufactory, when he was informed that the rope and cable for the navy were manufactured in Boston. The Secretary of the Navy thought that it would be more economical to make the rope where the oakum was made. A perceptible smile stole over the faces of some of the bystanders at his remark; but the Naval constructor tried to let the Secretary down easy by saying that they cut the oakum too short for ropes. The Secretary, however, did not take the hint, but went on to inquire what they used oakum for. After some little explanation he learned that the principal use of oakum was to caulk the seams of ships, and that rope, instead of being made *from* oakum, was, when old and otherwise useless, cut up and made *into* oakum. In the block-shop the Secretary remarked that he had seen such work before, in his own country, where they made wooden clocks.

FATAL ACCIDENT ON THE ROCK ISLAND RAILROAD—TWO PERSONS KILLED AND TWO WOUNDED.—Yesterday evening, about six o'clock, a gravel train coming west, ran into a wagon which attempted to cross the track at Gougers, and instantly killed two persons in it and wounded two others. The persons killed were Mrs. Ulrich Cassens and a boy about fifteen years of age named Folkert Folkers. Ulrich Folkers, the father of the boy, was badly wounded, having an arm and a leg broken. Ulrich Cassens, the husband of the woman killed, was slightly cut on the head.

Mr. H. N. Marsh, the efficient agent of the Rock Island railroad, was promptly on hand, and did everything in his power to alleviate the sufferings of the injured persons. Drs. Hise McArthur, Harwood, Baily and Thomas were there, to administer to the sufferings of the wounded.

The coroner's jury returned a verdict exonerating the employees of the road from all criminality in the matter.—*Joliet True Democrat*, 26th.

☞ A few days since, C. G. Eastman, of Montpelier, Vt., was removed—for reasons best known to the Administration—from the office of Post-master. The democracy of his district have, in consequence, just nominated him for Congress.

From the Cleveland Herald

Cleveland Vessels Abroad.

By letters received from Col. Standart, learn that the *Correspondent* left Liverpool the 12th inst. with 800 tons of salt for Cleveland. The *Harmon* sailed on the 11th for Montreal. Mr. Handy had sold the *D. B. Sexton* Captain Pierce, for $8,000, half cash and half six months. Capt. Fierce has chartered *Sexton* and the *Kershaw* for South America. Col. Standart and Mr. Handy left for Paris, the 12th inst., where the latter would remain until the first of September. Col. Standart to leave for home on Thursday last.

The following extract from the London *Times* account of the *Agamemnon's* Cable trip shows how a Cleveland vessel came near spoiling the laying of the cable:

At noon on Monday, August the 2, observations showed us to be in lat. 52 deg. 15 min., long. 19 deg. 48 min. W., having made good 127½ miles since noon of the previous day, and completed more than half the way to our ultimate destination. During the afternoon an American three-masted schooner, which afterward proved to be the Chieftain, was seen standing from the eastward toward us. No notice was taken of her at first, but when she was within about half a mile of the Agamemnon she altered her course and bore right down across our bows. A collision, which might prove fatal to the cable, now seemed inevitable, or could only be avoided by the equally hazardous expedient of altering the Agamemnon's course.

The Valorous steamed ahead, and fired a gun for her to heave too, which, as she did not appear to take much notice of, was quickly followed by another from the bows of the Agamemnon and a second and third from Valorous; but still the vessel held her course, and as the only resource left to avoid a collision the course of the Agamemnon was altered just in time to pass within a few yards of her. It was evident that our proceedings were a source of the greatest possible astonishment to them, for all her crew crowded upon her deck and rigging. At length they evidently discovered who were and what we were doing, for the crew gave us three hearty cheers. Though the Agamemnon was obliged to acknowledge these congratulations in due form, the feelings of annoyance with which we regarded the vessel which either by the stupidity or carelessness of those on board, was so near adding a fatal and unexpected mishap to the long chapter of accidents which had already been encountered, may easily be imagined. To those below, who of course did not see the ship approaching, the sound of the first gun came like a thunder-bolt, for all took it as a signal of the breaking of the cable. The dinner tables were deserted in a moment and a general rush made up the hatches to the deck, but before reaching it their fears were quickly banished by the report of the succeeding gun, which all knew well could only be caused by a ship in our way or a man overboard."

THE MYSTERIOUS DISAPPEARANCE OF MRS. BRANNAN—A CLUE TO HER FATE.—As our readers are doubtless aware, Mrs. Brannan, the wife of Captain Brannan, a distinguished officer in the U. S. Army, stationed at Florida, while visiting her mother, at Chelsea, Staten Island, disappeared most mysteriously on the 20th ultimo. On the 22d, her relative, Dr. Crane, of the Surveyor's Office in this city, applied to the police for assistance in discovering the whereabouts of the missing lady.

Mr. Carpenter deputed Officers Mclogal and Wildey to this service. They ascertained that on the day of her disappearance she left the house of a lady friend in Third street at o'clock in the afternoon to go to the Port Richmond boat. She reached the ferry landing between 4 and 5 o'clock, and finding the boat gone, appeared much disappointed, and got in a stage and rode up town again. At 7 o'clock in the evening, a lady dressed in black, and answering her description, took passage on the boat for Staten Island. A gentleman, who was also a passenger, states that he noticed the lady, and observing that she was unattended, felt somewhat interested in her. He saw her go ashore at the Quarantine landing, and call at a livery stable near by and ask for a carriage to Port Richmond. He heard her mention the name of Colonel Crane, and the livery stable keeper replied, that he did not know the Colonel, but was acquainted with his brother. The gentleman also states that he saw the lady get into a carriage, and immediately afterwards a man went to the driver, and whispering something to him, got into the vehicle with the lady. Neither party was heard to make any remark, and the carriage drove off.

The livery stable keeper remembers letting a carriage out to such a lady on the night specified, and that she asked some questions about Colonel Crane; but just then his attention was called away in another direction, and the lady concluded the bargain with one of his drivers.—Who that driver was he could not recollect.—This was the last time the lady was seen.

From these *facts*, and other circumstances which the police, for the present, keep secret, the officers came to the conclusion that the missing lady has been violated and murdered, and her body disposed of in some unknown way.—Deputy Superintendent Carpenter, on being apprised of these facts, went down to Staten Island in company with the officer above named, and Messrs. Poole and Stephenson, and made a thorough examination of the road and the woods adjacent, leading from Quarantine to Port Richmond, but failed to discover any clue to the lady. The drivers attached to the stable at Quarantine were closely interrogated as to their whereabouts on the night of Mrs. Brannan's disappearance. One of them equivocated so much, and evinced such manifest confusion, that they placed him under arrest. Other parties on Staten Island are suspected, and probably will be arrested.

Previous to making these discoveries on Staten Island, Officer Wildley had visited Fall River, Boston, and Nantucket, where Mrs. Brannan had formerly resided, but failed to obtain any clue to her fate. He found on the register of the Fall River boat, on the night when Mrs. Brannan disappeared, the name of a Mrs. Bind entered, whose description answered somewhat to that of Mrs. Brannan. He ascertained that this woman had stopped at the Richmond House, Fall River, but beyond that could obtain no trace of her. Next week, the hack driver under arrest at Staten Island will be examined, and it is expected that some interesting disclosure in connection with this affair will be made.—*N. Y. Tribune.*

THE WAY HOLLANDERS USE LOOKING GLASSES.—A correspondent of the St. Louis *Democrat*, writing from Holland, thus describes a use of looking glasses very prevalent there, which very fastidious people might think it worth while to adopt in this country. We have seen some notice of this queer custom before, but never so minute an account of it:

I had not gone far in my rambles about the city before I was brought to a stand by a discovery. On both sides of the street projecting from the centre of almost every window of the dwelling house, each at an angle of fortyfive deg. with the window, were placed two mirrors of about a foot square, each in a vertical position, one facing up the street and the other down. I immediately set my Yankee ingenuity to work to "guess" their object, and was not long in discovering in these mirrors plain indications that here, in this great swamp in Europe, woman's curiosity is the same as among verdant hills and more genial climes. The mistress of the house seating herself in her parlor in a particular spot before a window, with needle or knitting work in hand, has but to lift her eyes into the twin looking glass outside her window in order to catch at a glance the whole panorama of the street in both directions. There was also another queer looking glass arrangement, which for a long time puzzled me. The puzzle grew out of the peculiar positions and various angles at which these mirrors were placed. I was about giving it up, when observing that their inclination was always decidedly towards the front door, I saw the whole secret as clear as light. The good lady of the house hearing the door bell ring, darts a look into this curious mirror, and thereby knows in a moment who stands at the door. Of course, when the door servant comes in her ladyship can at once say whether she is at home or not. In all the cities of Holland nearly every dwelling house has projecting from its windows from one to ten of these ugly looking mirrors.

THE MUSSELMAN OUTBREAK AT GAZA.—A letter from Alexandria gives the following details of the Musselman outbreak at Gaza, which has been already briefly mentioned by telegraph: "On the 12th ult., the courier from Suez, announcing the massacre of the Christians at Djidda, arrived at Gaza. The Mahometan inhabitants expressed their joy at the event, and, having assembled in great numbers, went to the cadi and the mufti, where they concerted plans for attacking the Christians. On the following morning, while the latter were assembled in their church, a body of three hundred Turks surrounded the building, broke open the doors, and assailed the Christians. The latter having made a vigorous resistance, the Musselmen left, and proceeded to the Frank quarter, where they broke into several of the Christians' houses, and did considerable damage, uttering at the same time cries of Allah Akbar! (God is great!) A number of Musselmen women followed the band, exciting the fanatics against the Christians by sanguinary songs. Fortunately, the Governor, Moustapha Bey, and the chief of the bashi-bazouks, interfered in behalf of the Christians, or numerous massacres would have taken place, and the Greek church and the houses of the Christians been burnt. A representation of the affair has been laid before the Governor of Jerusalem, in whose jurisdiction the town of Gaza lies."

PAINLESS EXTRACTION OF TEETH.—Various methods have been resorted to for the purpose of alleviating the excruciating agony consequent upon the extraction of teeth; but as the consequent anæsthetics are in all cases tedious and troublesome in their application, and often attended with fatal and dangerous results, sufferers, rather than experience the momentary pain of extraction, or run the risk of general or local anæsthesia from the means heretofore employed, impair their health by retaining in their mouths diseased teeth and roots. To avoid the dangerous results of cloroform, and do away with the employment of the not either harmless or efficient process of freezing mixtures to the jaw, Mr. Jerome B. Francis, of Philadelphia, has invented a method of producing local anæsthesia by the application of an electric current, and through this means to effect the painless extraction of teeth. The application is simple, and consists in attaching the forceps to the negative pole or flexible wire of the ordinary electro magnetic machine, or graduated battery, and placing the metallic handle of the other or positive pole in the hand of the patient, and by this means to cause an interrupted current to traverse the body of the patient and the extracting instrument. The intensity of the current is previously graduated while the patient grasps the forceps and handle, till it is just distinctly perceptible, and the circuit through the tooth is not completed till the moment at which extraction is to begin. This interruption is said to be desirable till the forceps are placed upon the tooth, when the circuit is formed, and the extraction made at once. How this annuls pain we cannot determine, but that it has, in a large number of cases, we are satisfied from the representations of able dentists in this and other cities. This novel process of extracting teeth was patented on the 25th of May, 1858, and the claim is to the combination of the electro-magnetic machine with the dental *forceps.—Scientific American.*

The writer of this note recently had a tooth extracted by the electro-magnetic process, by Dr. Porter, of Court street, Brooklyn, and can vouch for its efficacy. The tooth was one of the most difficult to extract, being firmly set in the lower jaw with crooked fangs, and yet it was drawn by this process in a moment without pain.—*N. Y. Commercial Advertiser, Aug. 28.*

ALLIGATOR KILLING.—In our perambulations in the outskirts of the city a few days since, we came across an alligator hunter, who was growing rich from the profits of his singular business.

He came to this city, like thousands of others, in the belief that money could be made in almost endless profusion with very little effort, and wearied with disappointment, and just on the point of coming under the eye of the police as dangerous or suspicious, being without a visible means of living, he wandered into the suburbs, then into the swamps in the rear of Jefferson City and neighborhood, where he made his first acquaintance with the Louisiana alligator.

His bump of speculation was excited. Such a creature was of some utility; his hide, his oil, his tusks, perhaps his bones, might find purchasers. So borrowing from a man who occupied a hut in the neighborhood, a gun and some ammunition, he declared war upon the alligators. He dried their hides, he extracted their oil, he took out their teeth, and sure enough, they proved to be merchantable articles.

Commencing in May last, he had, up to last Sunday, killed 400 alligators. Having gained experience by practice, he now hunts at night, and carries a pan of fire. Attracted by this unusual light, they come up close to him, when he finds no difficulty in bringing a monster down at every shot.

The skins of these alligators are readily sold at seventy-five cents apiece. They are manufactured into water-proof boots, and the most valuable and expensive shoes to be found in our market are made from tanned alligators' hides. The oil, tusks, and hides of these 400 alligators have produced in the hands of our new hunter acquaintance $560, besides paying his current expenses.

This enterprising original is now looking out for a suitable location for the investment of his gains in real estate, content that the vicinity of New Orleans has an abundance of the raw material which forms his staple of trade.—*N. O. Pic.*

STOCKBRIDGE MASS., AND CYRUS W. FIELD.—Cyrus W. Field is a native of Stockbridge, Mass. A week or two ago the anniversary of the "Laurel Hill Association," a society for planting trees all over the town, and improving it generally was held in that place. On that occasion Mr. Canning—another native of Stockbridge—delivered a poem. His subject was, "The Vision of Magawiska," the Indian heroine of Miss Sedgwick's "Hope Leslie." She was represented as standing on "Sacrifice Rock" far back in the past, and uttering her last speech—a prophecy of the incoming of the whites, and a lament for the consequent departure of the tribe from the beautiful Housatonic valley. In the course of the poem, allusion is made as follows to the Atlantic Cable and the prominent agent in completing that great enterprise:

"Yes, the day shall come,
When the vast waters, deep, unknown,
Shall hold a mystic thread, whereon
He'll send his tho'ts and tell his fame
To the far country whence he came.

Aye—'tis to me revealed—
He that shall lead that living line,
Quivering with tho't beneath the brine,
Here shall first ope his infant eye,
And record write, that ne'er shall die,
Upon his native *field*."

The allusion was received with three cheers and a cannon.

JOURNALISM.—The press of New York is one of its institutions. It is recognized as an element of great power in the social economy of that metropolis. It has done as much, if not more, than any other means to build that city up, and make it the central seat of commercial and financial influence on this continent. The New Yorkers understand very well why their journalism is so potential. They know that a newspaper press can no more become eminent in general excellence and efficiency without the pecuniary income required to meet its enormous expenses, than a huge machine can be operated without adequate motive power. They have, therefore, done all that was necessary to be done, for their ten or more leading daily journals by giving them a liberal and steady support—a munificent and unfailing revenue from advertising. The press, in its turn, has been at once enabled and encouraged to do the city of New York, with its multiplied and varied interests, a kind and amount of service which has repaid, a million times over, the local patronage it has received. When will the people of other cities—the merchants and manufacturers especially—learn that it is the business of a community that, just in the proportion as it is so upheld and fostered, is a daily press made useful and influential, at home and abroad? The superiority of that of London and New York lies in the greater money-power at command, and that greater money power is derived from advertisers exclusively.—*Phil. Evening Journal.*

A HAY-FIELD ANECDOTE.—There is a good story which may have been heard in more than one Yankee hay field this summer. We heard it one day while on a visit in the country, we went out one day to show some men how to "pitch." We had failed, and wilted down under a haycock, and lay flushed and fanning the glow and sweat from our features in a comfortable position, when one of the jolly hay makers related the anecdote of the old man who was always bragging how folks used to work in his young days, and challenged his two sons together to pitch on a load of hay as fast as he could load it.

The challenge was accepted, and the hay wagon driven round, and the trial commenced.—For some time the old man held his own very creditably, calling out tauntingly, "More hay! more hay!"

Thicker and faster it came, whole cocks at a time, cloud after cloud overwhelming him. The old man was nearly covered; still he kept crying, "More hay! more hay!" until, struggling to keep on the top of the disordered and ill arranged heap, it first began to roll, then to slide, and at last off it went from the wagon, and the old man with it.

"What are you down here for?" cried the boys.

"I came down after hay," answered the old man stoutly.

Which was a literal fact; he had come down after the wagon load, which had to be pitched on again rather more deliberately.

BAMBOOZLING A YANKEE.—The following anecdote is told by Rear Admiral Robinson in his new work entitled "Sea Drift:"

"We were standing for New Foundland in the winter, and one morning at daylight saw in the wind's eye, about twelve miles distant, a Yankee privateer schooner. As to going after her, we might as well have gone after the sea-gulls over our heads; so we assumed as much as possible the look of a merchant ship, dropped the hammock cloths over the sides, ran in the flying jib-boom, peaked up the mizen gaff, and topped up the driver boom, eased off the topsail sheets and settled the halyards, struck the foretop gallant mast, and hauled the jib down three or four banks, and got as slovenly a look as could be desired.—After a little, our friend up helm, up square sail, and down he came. When he approached us within three or four miles he suddenly stopped short of which we took no notice, but held on our course; and after a while he again resumed the pursuit. At last, when within a mile and a half distant, he in square sail in a hurry, hauled his wind, and out sweeps. We had the lee guns run out, the men on deck lying down, and every preparation for making sail.

We immediately wore short round on our heel, let have the schooner our broadside of carronades (which did not reach) as we came too on the other tack, and made all sail after her. For awhile she drew away from us; but as I observed that the quartermaster at the con, in his anxiety to hug the wind, kept the ship too close and then yawned to get her full, I ordered him not to steer by the wind, but by a point of the compass; and on this steady line we drew up the chase, for it had been blowing a gale the day before, and the swell rolled the wind out of his low sails. At two o'clock we had neared within gun shot, when he in sweeps and down colors. In my case I could not have borne to speak of such a misfortune, and would have brooded over it in silence, but my Boston friend preferred to unpack his heart with words. 'The poor captain,' said Corporal Trim, 'will never say a word about Master Bobby's death, and I pity *him* the most. Mistress will relieve herself by crying; and Master Shandy by talking about it.'

So our Yankee skipper told me his story through his nose, calling upon his mate to confirm his snuffling narrative, nearly as follows:—"So when I see you this morning, I said, says I, 'That ere is a Britisher going to Quebec, (Quebec;) I'm blowed if I don't have you up a tree,' says I, didn't I, Mr. Jones? So you see when we gets within four miles, I was looking pretty sharp through my glass, and I twigs your signal halyard outside your braces. "That's a little fishy," says I, 'didn't I, Mr. Jones?' Hold hard a bit. But you looked so like a lumbering, slovenly timber ship, that I at it again, and would have run alongside, but I twigs a black hat and a pair of red shoulders peep out for a minute over the weather bulwarks, and down again. "Oh! ho!" says I, "is that your figure. She's a rogue," says I; "I see one of her sodgers; hard down; haul the wind," didn't I, Mr. Jones? Well, when your shot fell short, and I see that we drew upon you, says I, "I guess we have had a pretty considerable squeak; but I'll not dine with an English lord this day," didn't I, Mr. Jones. Well, after all, you drew up, and I see you bothering about your foremost guns.—"I guess now," says I, "they are going to give us a di-vision; no use to go and catch it; brail up the foresail, tin sculls, down with the stars and stripes," didn't *I*, Mr. Jones? And now that we have put our foot in, and that you have only 125 men, (he had 35!!) I am tectotally sorry that I didn't run you alongside, and try and carry you by boarding; ain't I, Mr. Jones? I don't see nothing for your officers to larf at; is there, Mr. Jones? It's not treating me politely.'"

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis. feb10f276d1y

G. SIMMONDS,
SOLE PROPRIETOR AND MANUFACTURER OF
PURE OHIO
Catawba Brandy.

THIS Brandy has been manufactured for several years from the pure juice of the Catawba Grape, thus adding additional evidence, of the progress of American enterprise and industry, and of our ability to produce articles at home, equal to those made by any other nation.

The Ohio Catawba Brandy, not only equals but excels the best Imported Brandies, in purity and flavor. It is in fact the best Brandy known. This statement is fully corroborated by the certificates of our most distinguished analytical chemists.

The want of pure brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded a great public good. The Catawba Brandy posses all the good qualities claimed for the best imported liquors, and is of perfect purity and superior flavor, and a sovereign and sure remedy for

Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c.

NO FAMILY SHOULD BE WITHOUT IT.
RETAIL PRICE $1.50 PER BOTTLE.

Recommended by the physicians and druggists of the United States.

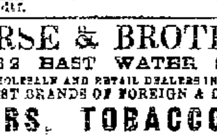
EYE AND EAR INFIRMARY!
MEIGS CASE, M. D.,
OPERATOR UPON THE EYE & EAR.

LECTURES ON THE EYE.

STRABISMUS, or Cross Eye, may be defined to be a want of harmony between the two eyes, which exists to such an extent that one of them does not move with the other, but is turned away involuntarily to the other side.

It is an affection so apparent as scarcely to require explanation, and is a most unpleasant defect, particularly to young people, and never fails to impair the sight more or less.

It consists essentially of a contraction of one of the six muscles which fix the ball as represented in the cut.



The operation is usually performed by me, in a few seconds, and is always entirely successful, both in relieving the deformity and improving the vision to a great degree.

Operations for Cataract, artificial pupil, &c., scientifically and successfully performed.

French artificial eyes inserted without operation or pain, having the appearance and all the motions of the natural eye.

MANUFACTURERS of Steam Engines and Boilers, Flour and Saw Mill Gearing, Brass and Composition work, together with Castings of all descriptions.

Also manufacturers of the celebrated Haviland & Tuttle Patent Centre-Vent Water Wheel. It uses less water, in proportion to the power given, than any other wheel manufactured. It is adapted to either high or low heads of water, runs perfectly steady, and is not affected by ice or back-water, only in the loss of head. In addition to this, it can be sett with but little delay, and at no greater expense than ordinary wheels. It has given general satisfaction to all who have used it, and that, together with its durability, having been used in Messrs. Ludington & Co's Mill over seven years, without one dollar expense, gives it an entire superiority over all other wheels. Descriptive circulars forwarded on application.

Mill Stones, Bolting Cloth, Seive Wire, and Mill furnishings, of all descriptions, at the shortest notice.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,

IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞ One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞ One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

☞ A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.

☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE LIVER INVIGORATOR

IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

PRICE ONE DOLLAR PER BOTTLE.

MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER
Worn by Kings or Emperors.

WHAT? WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh* and *dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— NEW YORK, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable.
I am, dear sir, yours truly,
S. THALBERG.

"Drych a'r Gwyl'edydd,"
WELSH NEWSPAPER OFFICE,
113 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.
CHARLES CARDEW.

NEW YORK, July 25 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. KILBY.

PROF WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.
Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3.

AYER'S CATHARTIC PILLS.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce the best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel the disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to their whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill.—While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agents below named are pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of numerous complaints.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL,
Thursday Evening, Sept. 2, 1858.

MONEY MATTERS.—The money market is without important change. The demand for currency increases with the improvement of receipts, but the supply continues equal to the demand, and the Banks are taking all the produce paper offering at the usual rates of discount. Exchange continues **steady at 1 per cent.**, with a moderate demand. Gold is rather scarce and selling at 1½ per cent.

With larger receipts the market for extra samples of spring wheat continues buoyant, while inferior grades remain rather dull. We note, however, a firm market with an advance of 1a2c on both No. 1 and extra. A little stimulation is only required at the present time to give the market an unusual buoyancy. In the absence of encouraging news from abroad, our dealers occasionally get up a little excitement of their own, as was the case to day, when some sales of wheat were made at 2a3c above the market prices. We hear of little or no transactions in flour, and prices remain nominally the same. Oats are very dull, and drooping. The same remark is applicable to the Chicago market. We quote to-day:

WHEAT.—Market quiet at 95a96c for No. 1, 98ca $1,02 for extra spring, $1a1,05 for red winter, and $1,05a1,20 for white do. The sales at the lower depots foot up about 13,000 bus, as follows: 323 bus No 1 at 95c, 2,070 bus do at 96c, 3,497 bus choice do at 97c, 1,587 bus extra at 98c, 1,525 bushels do at $1, 257 bus do at $1,02, 230 do at $1 03, 141 do at $1,03½, 300 bus choice do to mill at $1,05, 339 common white winter at $1,05, 200 bus do at $1,15, 1,200 bus good white at $1,12½, 62 extra do at $1 20, and 1,525 bus choice white at $1,25.

FLOUR—Spring extra country brands quoted at $5a$5,25, and city brands spring and winter $5,50a$6,25.

OATS—Very dull at 42a44c, with sales of 500 bus at 44c.

RYE—Firm at 65c.

CORN—Dull at 60a62c, shelled. Sales of 650 bus at 65c.

BARLEY—65a80c.

POTATOES—Heavy at 25a30c.

EGGS—Plenty at 8a10c.

BUTTER—Dull at 10a15c for firkin to choice roll.

HIDES—Green 6c, salted 7c, and dry 12½a14½c.

TIMOTHY SEED.—$1,12½a1,25.

SALT—Delivered at $1,50.

PORK—$17a$17,50.

WOOL—Quiet at 25a35 for all grades.

HIGHWINES—Have fluctuated considerably of late, having declined 4c since Monday. Quoted to-day at 25c.

WHISKEY—Firm at 21a22. The short grain crop is the cause of the rise in this article.

NEW YORK MARKET.

NEW YORK, Sept. 2.

FLOUR—More active but without material change; sales 12,000 bbls at 3,90a4,10 for unsound superfine State; 4,15a4,40 for do extra state; $5a5 for common to good extra western; 5,70a6 for shipping brands extra round hooped ohio. Canadian flour; sales 300 bbls at 5,50a6,50 for extra. Rye flour dull; 3,50a4,40.

WHEAT—Market dull and less buoyant, shippers refuse to purchase on any material extent; sales 3,500 bus at 1,20 for old and new red Genesee; 1,22 for new red Ohio; 1,95 for white Kentucky; Chicago spring nominal at 95a98c; Milwaukee club 95a1,18.

RYE—Lower; sales 600 bus at 78a75.

CORN—Lower for unsound, and firmer for sound; sales 20,000 bus at 7a75c for unsound to good mixed western.

OATS—Quiet; 50a55.

PORK—Firm; 17,50a17,60 for mess; 15,40a15,50 for prime.

BEEF—Continues steady, but quiet. Prime mess beef and beef hams dull, and nominally the same.

CUT MEATS—Firmer; 8¼a8¾c for hams; 5¾a6¼ for shoulders.

LARD—Buoyant; 11¼ for prime.

BUTTER steady; 12a18 for Ohio; 16a20 for State.

CHEESE—Dull; 5a7½c.

WHISKY—Market heavy and drooping; sales 450 bbls at 24, small lots choice sold at 24½.

STOCKS—2nd board easier; C&T 84¼, S. S. C&RI 78½, NYC 70, MS 23¼, Panama 114¼, Tenn 6's 91, Ohio 6's '56 107, LaC Grants 23, H&M 16, PM 55¾.

BUFFALO MARKET.

BUFFALO, Sept. 2

FLOUR—There is only a moderate demand for Flour this morning, and market steady. Sales 700 bbls at $5,37½a5,50 for good brands of extra Ind, Mich and Canadian; $5,62a5,75 for double extra.

WHEAT—Quiet, transaction restricted by the firmness of holders; sales 1,200 bus at 1,15 for red Ohio; 1,22a1,25 for white Indiana, and Michigan.

CORN—Dull and heavy; sales 9,000 bus at 63a65c.

BARLEY—Scarce and wanted; sales of small lots at 62a—c.

RYE—Nominal at 70c.

OATS—Dull; sales 500 bus new at 45c; old held at 48c.

CANAL FREIGHTS—13c on flour, 11c on wheat, and 10c on Corn to New Y. Y.

Receipts last 24 hours—10,447 bbls flour, 20,500 bus wheat.

Four to six bottles have cured the worst cases of dropsy

One to three bottles have cured the worst case of piles a relief is always experienced. What a mercy to get relief in such an excruciating disease!

Since its first discovery, I have from time to time added various other herbs to it; of one of them, Hippocrates, the Father of Medicine, says: "It is an herb of Jupiter, and in the sign Leo."

"It openeth obstructions of the liver, gall and spleen; it is a special friend to the liver, with all other herbs put together; cooling it when too hot, and warming it when too cold.

"It createth an appetite, cureth all gone and sinking feelings in the pit of the stomach, easeth all pains and stitches in the side

"It cureth the jaundice by opening the gall, and restoreth the native color of the blood.

"It expels all raw, viscous and slimy humors out of the body; it cleanseth all inward ulcers and congealed blood from the kidneys.

"By opening obstructions of the spleen, it purgeth all burnt choler and melancholy vapors which riseth to the head and brain, causing distressing headache, fearful foreboding of trouble, trembling of the heart, fainting and swooning

"The herb boiled in wine is particularly good to revive the drooping spirit of the aged and whoever has a lingering sickness after a fever, nothing restoreth him to health so quick as drinking the juice of this herb.

"The seed boiled in water cureth the most offensive breath, and, drank at bedtime, preventeth what is commonly called nightmare, and all melancholy dreams, a disease bilious people are liable to."

The Father of Medicine says of another herb in this composition, that "it is an herb of the Sun, and in the sign Leo.

"The sun is the source of all life, and ruleth the heart; and this herb is the best cordial, the greatest strengthener of the heart of any that grows; it comforteth the heart, cureth all palpitation thereof; taketh away trembling, fainting and swooning of it; yet it must be taken carefully, or severe gripings will ensue, which must be corrected with fennel seed or ginger.

"So much for this herb, between which and the adder there is the utmost antipathy; so much so that the adder will not touch him that has the herb about him."

No change of diet ever necessary—eat the best you can get and enough of it.

DIRECTIONS FOR USE. Adults one table spoonful per day. Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions take sufficient to operate on the bowels twice a day.

INSTRUCTION.

SALOM'S
Wisconsin State Mercantile College

Juneau Block, Milwaukee.

A COMPLETE BOOK-KEEPER'S EDUCATION for twenty-five dollars.

Life Scholarships will be issued for the above nominal sum *for a few weeks only*, in order that many now out of employment may prepare themselves for THE GOOD TIME COMING. The mercantile course is advisedly estimated as the most extensive, thorough, *practical* and *modern* to be found, and every precaution has been taken, that, for the acquisition of a business education complete to the most minute particular, it shall, as heretofore, have *positively no equal*.

The student conducts, in the most approved style, the following business books, which with their corresponding transactions were modelled at great expense for this College only by eminent bookkeepers actually engaged in the various departments represented, viz: Railroad, (operative and constructive), Bank, Hotel, Lumber, Compound Co. Adventure, Jobbing, Importing, Exporting, Forwarding, Express, Commission, Mill, Steamboat, Warehouse, Publishing, Printing, Auction, Insurance, Administrators, Professional, Wholesale, Retail, Individual, Partnership, &c. He is thoroughly drilled in every kind of calculations, documents, and correspondence that can possibly occur in business, and will receive instruction in Mercantile Grammar, Geography, and Law, the Art of presiding over Public Meetings, &c.

Civil Engineering and Surveying complete........ $40

☞ Graduates Assisted to Situations.

N. B.—No one desirous of investing his time and money to the best possible advantage in taking a commercial course, must omit applying for a catalogue, which will be sent free by the President.

IMPORTANT CAUTION.—Strangers will be under the necessity of carefully noting the title of this College and following the sign boards erected for their guidance in the College Building, as another teacher has represented his school as "Salom's College."

CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows

6:00 A. M. 5.45 P. M.

With but one change of cars to Pittsburgh.

CHECKING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable both from the advantages in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

PUBLIC PRINTING.

SEALED PROPOSALS will be received at the office of the Secretary of State, in Madison, up to the twenty-third day of September next, at 2 o'clock in the afternoon, for doing for the State of Wisconsin, at the seat of government, all Printing and binding of every kind and description, for which the State may be liable to pay, contemplated in chapter 114 of the General Laws of 1858, entitled "An Act relating to Printing, approved May 17th, 1858." Such printing to be provided for in one contract, to continue for two or four years from the first day of January next, as the Board of Commissioners may direct at any time before such contract is entered into, and to be divided into three classes, as follows:

1st. To comprise all printing incident to the business of the two Houses of the Legislature while in session.

2d. To comprise the journals and documents of the two Houses, and all general and local laws passed by the Legislature.

3d. The printing of the several State departments, including all blanks, blank books used in the several branches thereof of all kinds and descriptions whatever; to include such blanks as have heretofore been lithographed or engraved, used in the several departments.

No bid will be considered unless accompanied by a guarantee of twenty thousand dollars that the bidder if successful, will execute to the State a bond as contemplated in said act. Specifications as to what shall constitute a printing bid, will be subject to examination at the office of the Secretary of State on and after the 23d day of August. Such specifications together with the proposal of the successful bidder to be attached to and form a portion of the contract at the time of consummating the same.

A basis will be adopted by the Commissioners, to be in readiness at the hour of opening the bids, upon which basis each of the bids will be computed, but said basis will form no part of the contract, and will in no manner be binding upon the State as to the quantity of the work required.

Bidders are required to furnish specimens of each class of all classes of work bid for. Such specimens as are deposited by the successful bidder shall be kept by the Secretary of State, as a standard criterion for all work provided for in such contract, and shall be the guide for auditing all accounts under the same. Should any work prove inferior to such specimens, in the opinion of the Secretary of State, or other officer duly authorised to canvass the same, such work will be refused.

The successful bidder will be required to execute under the terms of his contract, all printing and binding for the State, which the present contractor is not bound to execute, or which he claims not to be under the provisions of his contract from the execution of such contract to the first day of January next.

The contract may be annulled for unreasonable delay in doing the work, or for doing it in an inferior or improper manner. The contract for such printing to be made and executed under and subject to the provisions of chapter 114 of the general laws of 1858, above referred to, to the details of which, as well as to the specifications and requirements as to bids, above referred to, the attention of bidders is particularly called.

Proposals must be sealed and marked on the outside "Proposals for Printing," and be sent through the post office, directed to the Secretary of State, Madison, Wis."

Given under our hands, at the Capitol in Madison, this 21st day of Aug., A. D 1858,

Private and Confidential Medical Advice,

AT the MILWAUKEE VENEREAL HOSPITAL, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. BARNES.

DR. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs. pain the head or bones, and all Mercurial Affections, and all impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B. makes no charges for short consultations.—Those requiring much advice should enclose a small fee, sufficient to compensate for the time required to write the answer.
